

MARICOPA COUNTY RBHA (GSA6) UPDATE

By: Cory Nelson

Read more: The oral part of the hearing in front of the Administrative Law Judge completed today around 9:00am. That means the next steps in the process are legal filings and responses to the filings by all parties. Those are scheduled for 10/21/13 and 10/29/13 with the judge to consider everything once the submissions are complete. After the 10/29/13 date the hearing will be completely in the hands of the judge and she will determine what her recommendation will be to the Department of Administration. We would expect that to occur sometime in November but that remains at the discretion of the judge based on all the filings that are received.
